PRICE TWO CENTS

Scourged by Grip.

The Awful Pestilence now Sweeping Over the Country Leaves Death and Despair in Its Wake.

Greatest Danger in Its After Effects

Leaves Its Victims Weak, Exhausted, Broken Down in Health—Plants Seeds of Future Suffering and Disease.

There are two results of grip which are seldom absent, and which cause more misery and suffering than all the other after effects combined. They are nervous prostration and heart disease. The heart is called upon to make an extra effort just at the time when its own vitality is lowest. The result is heart strain. Dr. Miles' famous remedies, the New Heart Cure and the Restorative Nervine are perfectly adapted to remove the after effects of the grip. They go straight to the cause of the trouble, and lay the axe at the root of disease.

J. W. Tollman, Long Beach, Wash., writes: "Eight years ago I had a violent attack of LaGrippe which left me with nervous dyspepsia, a weak heart, and general loss of vitality. I could not rest or sleep, nothing which I ate agreed with me, my heart fluttered, was short of breath, circulation was weak, feet cold, and I ran down in flesh. Was treated for two years by the best talent on the coast, with no signs of improvement. Hearing of the great results accomplished by Dr. Miles' Restorative Remedies I decided to try Nervine and New Heart Cure. The effect was marvelous and in a short time I was a well man."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on heart and nerves sent free.

AN ACTIVE CAMPAIGN

Has Now Been Decided Upon Against Aguinaldo and His Followers.

INDIAN FIGHTER LAWTON

Will Endeavor to Crush the Insurgents Before the Rainy Season Sets In—Rebels Have Fallen Back, but Their Sharpshooters Continue Their Deadly Work.

Washington, Feb. 23.—The authorities here are giving close attention to the daily development in the military situation in the Philippines and have decided to push the campaign against the rebellious followers of Aguinaldo with energy. Every casualty report that comes from General Otis notes the wounding or killing of some of the American troops by what are practically sharpshooters on the other side. The insurgents apparently have learned that they cannot hope to cope with American troops on anything like even terms in a regular set battle, and from now on they are expected to rely upon the harassing tactics they have practiced for the past 10 days. The main body of the insurgents has now fallen back, well out of the line of effective range of the gunboats, but as the American troops have been obliged to extend their lines in order to protect the waterworks and to take advantage of the natural topographical defenses of Manila, the troops are exposed to the fire of these guerrillas without an opportunity to retaliate, for the enemy flees before an advance in force.

This was after all about what was expected by the war department officials and that was why, in sending reinforcements to General Otis, they made it a point to send as many of the regular troops as possible who had been used to Indian fighting in the Bad Lands of the west. General Lawton, who goes out to take command of these troops, is an old Indian fighter and soon after these troops arrive, within two or three weeks, a forward campaign will begin, and a heavy blow be struck that will keep the insurgents quiet during the rainy season, if it does not bring about their immediate surrender. It is felt to be necessary to do this in order to avoid the hardships to which the American troops otherwise would be exposed during the torrential rains, which will make life in outside intrenchments almost impossible for civilized troops.

BEEF INVESTIGATION.

Dr. Daly, Surgeon on General Miles' Staff, a Witness.

Washington, Feb. 23.—Proceedings of the court of inquiry investigating the beef controversy yesterday developed little that was new. The testimony, with the exception of that of Dr. Daly, surgeon on the staff of General Miles during the war, and of Colonel Woodruff, assistant commissary general, was generally in line of that of previous witnesses. The canned roast beef was generally condemned as unsatisfactory while the refrigerated beef was commended, the chief complaint being that it often decomposed enroute to camp. The testimony of representatives of the subsistence department was begun, that of Colonel Woodruff, assistant commissary general, being the most notable. He purchased more than 800,000 pounds of canned beef and told of the method of purchase and the reasons that prompted it. He took issue with General Miles' contention that beef on the hoof was the usual source of fresh meat supply to the army.

Another feature of the day was the

Strike Quickly.

"On the instant when a lion shows his temper," said a famous lion tamer "cut him quickly over the face. Don't wait until he springs at you." This is equally good advice for treatment of the

ing the lion of disease. Many an attack of dangerous illness would be headed off if at the first premonitory symptoms the victim would strike quickly.

These severe coughs, bronchial affections and wasting diseases which merge into consumption can never get their savage teeth into the constitution if their early signs were headed off by Dr. Pierce's Golden Medical Discovery. It provides such an abundance of rich nourishing blood that tuberculosis germs have no chance to get any lodgment in the lungs. It clears the skin and purges all the impurities from every organ. It invigorates the liver to expel all bilious poisons from the circulation. It creates healthy tissue, vitalized nerve fiber and gives solid strength.

"I have thought for a long time," writes Mrs. Rose Petty, of Lockville, Chatham Co., N. C., "that I would not do you justice if I did not write and tell you how I was cured of that dreadful disease called consumption, by using Dr. Pierce's Golden Medical Discovery. I had measles and pneumonia both at the same time, and came near dying, and as soon as I was able to go out I was taken with grip, and then followed consumption. My physician did all he could for my relief but I received none. I tried everything that I could hear of that was good for a cough but grew worse, and would have died soon had I not commenced using the 'Golden Medical Discovery.' I felt improved before the first bottle was finished. I took six bottles, and after that I felt better and stronger than in ten years before. That was six years ago, and to-day do not feel any symptoms of a return of the disease. I remain cured, and I think I am the cause of a friend being cured by using the same medicine. He was afflicted as I was, and after every thing failed to cure him he took Dr. Pierce's Golden Medical Discovery and was cured."

introduction of Dr. Daly, who charged before the war commission that refrigerated beef at Chickamauga, Jacksonville, Tampa and in Porto Rico had been treated chemically. He was not examined, however, in regard to this charge. Colonel Davis announced that the contractors who were attacked were entitled to be notified of the examination upon this point, that they might have ample time in which to appear, should they decide to do so. The law required this, he said. Accordingly Dr. Daly was excused after a partial examination and will be recalled later.

Washington's Birthday.

Washington, Feb. 23.—Washington's anniversary was observed here generally yesterday. All government departments were closed, also most of the stores. There were a number of patriotic meetings. The National Society of the Children of the Revolution made their annual celebration and an immense crowd thronged Columbia theater. Mrs. Daniel Lothrop, national president, called the society to order and "America" was sung by the audience standing. Mrs. Lothrop, in an address, explained that the exercises were planned as an object lesson of patriotic training, calculated to inculcate a love for country, a respect for flag and for their forefathers.

McKinley's Reception.

Washington, Feb. 23.—The public reception by President and Mrs. McKinley, deferred from Feb. 7 to last evening, was one of the most successful functions the white house has ever known. As early as 6 o'clock the patient public had assembled at the outer gate. The reception lasted from 9 to 11, nearly 8,000 visitors being admitted. The interior of the mansion was ablaze with lights and beautiful floral decorations that has not been surpassed at any levee this winter, not excepting the diplomatic reception.

DEWEY AND SCHLEY

Bill Introduced Creating the Rank of Admiral and Vice Admiral.

Washington, Feb. 23.—Mr. Lentz of Ohio introduced in the house yesterday a bill reviving the rank of admiral and vice admiral and naming Rear Admiral Dewey and Rear Admiral Schley as the persons to fill the respective positions. Mr. Lentz's bill is as follows: "That to provide prompt and adequate reward to Rear Admiral Dewey and Rear Admiral Winfield Scott Schley, the grades and ranks of admiral and vice admiral in the United States navy be, and the same are hereby revived, with the same duties, pay and privileges appertaining thereto that were by law given to the former appointees to said ranks, the grades to exist, respectively, only during the life time of said officers; but should said George Dewey die or retire before said Winfield Scott Schley, then said Winfield Scott Schley shall be advanced to the rank of admiral."

Congressional Proceedings.

Washington, Feb. 23.—The house inaugurated the custom yesterday of reading Washington's farewell address on Washington's birthday. Two hours were devoted to the naval appropriation bill, after which eulogies were pronounced in honor of the late Senator Morrill. In the senate tributes were paid to Senator Morrill's memory, after which the senate adjourned as a further mark of respect.

Sneaked Away.

Washington, Feb. 23.—It has developed that Sixto Lopez, Agoncillo's secretary, left here quietly Monday night on the train for New York. Since then nothing has been heard from him. His hotel room is still reserved and the hotel people say they think he will come back. Dr. Losada, the only Filipino left, is still confined to his bed.

IMMENSE DAMAGE

Done by Fires Started by the Insurgents at Manila.

Manila, Feb. 23.—Immense damage has been done by fires which are believed to have been started by insurgents last night. The fire department has experienced great difficulty in fighting the flames, owing to defective apparatus. It is reported that the natives have damaged the apparatus. There was some fighting in the streets during the night, but the Americans quickly quelled the uprising. A number of insurgents were killed and several American soldiers were wounded. A large market place was among the first to burn. Between 600 and 700 residences and business houses have been destroyed. Fires were started at several points simultaneously and, spreading with great rapidity, resisted all efforts to control them. Hundreds of homeless natives are huddled in the streets, making the patrol duty of the Americans very difficult.

BULGARIA SURVIVORS

British Steamship Victoria Arrives in Boston With Four.

Baltimore, Feb. 23.—The British steamship Victoria, Captain Wetherell, arrived yesterday from Hull, via Hampton Roads, with four of the crew of the foundered Hamburg-American liner Bulgaria. The rescued mariners are: Second Mate O. Scharges, Quartermasters Carl Ludtke and John Schulz and Seaman William Starke.

These, with the 25 women and children who were picked up by the tank steamer Weehawken and landed in Ponta Delgada, Azora islands, a week ago, are all that have been heard from of the crew of 89 men and 41 passengers which the Bulgaria had aboard when she sailed from New York for Bremen, Jan. 28.

SAGASTA IS SCORED

Accused of Endeavoring to Save the Monarchy, Instead of the Country.

PEACE TREATY SIGNED

Is the Most Shameful Recorded in History—An Appeal to Prevent the Triumph of the Vatican and the Reactionaries—Premier Sagasta Denounces the Republicans.

Madrid, Feb. 23.—The meeting of the Bureau last evening to appoint a committee to examine the bill for the cessation of the Philippines resulted in only a nominal ministerial success. Although the ministerial candidates chosen were four and opposition candidates only three, yet on a division the opposition will muster 92 votes against 87 ministerialists. The opposition will therefore submit a counter measure.

The Republican motion in favor of summoning the constituent assembly led to a stormy debate in the chamber of deputies. Professor Salmeron, the Republican leader, in the course of a violent speech said the Republicans had resumed their seats in parliament in order to force the government to accept its responsibilities. In his opinion not only those governing, but present institutions themselves, would fall victims to the present disasters. He severely censured the ministers for endeavoring to save the monarchy rather than the country.

"Your colonial policy," he said, "was disastrous because you joined sword and casack in order to restore a feudal theocracy, with all sorts of privileges. The government has surrendered to the United States Spain's whole colonial empire, and the peace that has been signed is the most shameful recorded in history."

Professor Salmeron, after being called to order for a veiled reference to the crown, declared that the conservative party was primarily responsible for the country's disasters, since it had failed to apply in Cuba reforms voted by all parties and that the present government must also be held responsible for making a dishonorable peace. He advocated calling the constituent assembly, which, he said, would "kill forever both Carlistism and any attempt at dictatorship."

He appealed to all the Liberal and Democratic forces to co-operate and so "prevent the triumph of the Vatican and the reactionaries. The peace that has been signed is the most shameful recorded in history."

Senor Sagasta, replying, said: "We lost the colonies, but we have avoided civil war. When you were in power greater calamities occurred. The United States drove us to war, for which no regime is blameable, and no regime could make a nation, weakened by two colonial wars, strong. I will oppose reaction with all my force. I am incapable of destroying the nation's liberties. It is the Republicans alone who endanger the liberties of the country by breaking the law."

The result of the debate in the chamber upon the motion of Senator Silveira, leader of the Conservatives, censuring the government for "indifference to the country's troubles" was the withdrawal of the resolution.

Count D'Almeida Challenged.

Madrid, Feb. 23.—General Linaires, who was in command of the Spanish troops at Santiago at the time of the capitulation, has challenged Count D'Almeida to a duel on account of the attacks which the count made upon him Monday and Tuesday in the senate in connection with his arraignment of the conduct of the Spanish generals engaged in the war in Cuba.

CALLED ON GOMEZ

Spaniards Express Their Acceptance of His Policy of Amalgamation.

Matanzas, Feb. 23.—General Gomez dined yesterday at the Spanish club, where a committee of Spaniards waited upon him to say that they desired to express their acceptance of his policy of amalgamation, but had not been invited to be present at the function of the previous evening. In reply he expressed his pleasure, saying that the war should be forgotten and all the enmities of the past buried.

Six men of Company F, One Hundred and Sixtieth Indiana volunteers, three of whom are slightly ill with typhoid and the other suspects, have been sent to the hospitalship Missouri. The rest of the company is now isolated on the beach east of Matanzas as an extreme precautionary measure.

Fired Salutes.

Havana, Feb. 23.—Salutes were fired at noon yesterday in honor of Washington's birthday and Major General Ludlow, military governor of the department of Havana, held a review of the troops of the department, Governor General Brooke and staff being present. General Ludlow held a public reception from 4 to 6 last evening.

Ryan Had His Own Way.

Hot Springs, Ark., Feb. 23.—About 1,000 people witnessed the fight yesterday between Australian Jimmy Ryan and Australian Billy McCarthy. Both men were in good condition and entered the ring at 150 pounds. In the middle of the 12th round McCarthy received his knockout blow. Ryan had the contest his own way, landing whenever and wherever he pleased.

TERRIBLE EXPLOSION

Two-Story Brick House Wrecked and Two People Injured.

Wabash, Ind., Feb. 23.—A terrific natural gas explosion here wrecked a 2-story brick dwelling and probably fatally injured Bessie Lane and seriously injured Emilina Burns, 84 years old. Miss Lane had gone to the cellar on an errand. She struck a match and the explosion occurred. When rescued she was nearly nude and bleeding from many wounds. She cannot live. Mrs. Burns dropped through to the cellar and was seriously burned.

Engines Torn to Pieces.

Sullivan, Ind., Feb. 23.—Unknown persons went to the Eaton coal mines, a short distance east of this city, and started the engines, which were under a full head of steam, and made their escape. The engines were literally torn to pieces and the enginehouse was demolished. The amount of damage done will reach a large sum. No arrests have been made.

Pies From Fruit Raised in 1872.

Rushville, Ind., Feb. 23.—Jacob Barringer's family ate currant pie yesterday made of currants canned in 1872, nearly 27 years ago. The fruit was put up in glass jars. It looked as nice and fresh and smelled as sweet as if but recently preserved.

William Conway Missing.

Arlington, Ind., Feb. 23.—William Conway, a hardware and implement dealer of this place has been missing since last Friday. He was last seen at the Odd Fellows' lodge at Arlington, at which time he bade his friends goodbye, saying they would never see him again.

KHALIFA ADVANCING

Kitchener at Omdurman With Nine Thousand Men.

London, Feb. 23.—The Daily News publishes the following dispatch from Cairo: "The Khalifa is advancing upon Omdurman with between 15,000 and 20,000 men. Preparations are urgently proceeding to meet him."

A footnote to the dispatch says: "The facts are that Colonel Kitchener's scouts came in touch with the Khalifa's strongly entrenched with 16,000 men, and the British officer, having only a small force, found it necessary to retire to Omdurman."

DREYFUS CASE

Court May Be Asked to Annul the Case Without a Retrial.

Paris, Feb. 23.—The Soir announces that M. Manau, the procurateur general, will submit his report in the Dreyfus affair next week. The report will ask the court of cassation, it is said, to annul the conviction without ordering a retrial.

If this be correct, it shows that the evidence before the court not only proves Dreyfus innocent, but that the crime for which he was punished never existed, as the French law allows the court of cassation to quash a sentence without retrial only when there is proof that the offense alleged was never perpetrated.

TRANSCONTINENTAL

Flyer Wrecked on the Union Pacific Railroad.

Cheyenne, Wyo., Feb. 23.—The transcontinental fast mail, known as the Union Pacific eastbound flyer, was wrecked this morning at Wood station, 150 miles west of here. The accident was caused by a broken rail. The engine and first four cars passed over safely, but the rear sleepers left the track while the train was running a mile a minute.

The casualties are one passenger killed outright, five passengers and two trainmen injured.

Assets, \$1,400; Liabilities, \$633,000.

Cincinnati, Feb. 23.—In the United States district court Samuel Klein has filed a petition in bankruptcy. Assets, \$700; liabilities, \$318,000. Moses Freiberg has also filed in the same court a petition in bankruptcy. Assets, \$700; liabilities, \$315,000. Both of these men were members of the firm of Freiberg, Klein & Co., which was doing a whisky business in Galveston.

Murder and Suicide.

Carrollton, Ills., Feb. 23.—John Rathgeber, a prominent farmer near this city, shot and killed his wife and then put the revolver to his temple and sent a ball through his brain. His wife had filed a bill for divorce, alleging drunkenness and cruelty. This, with a dispute over their large real estate interests, led to the tragedy.

Burned His Wife's Tongue.

New York, Feb. 23.—Catherine Taylor, whose husband, a watchman, confessed that he had given her Paris green, died yesterday. Her husband, when arrested, said he had also taken poison, but there is apparently nothing the matter with him. An examination proved that he had burned his wife's tongue with a red-hot poker. He will be arraigned on a charge of murder.

SNOWSTORMS

Continue in Colorado and Their Is Much Suffering. Denver, Feb. 23.—A fierce snowstorm has been raging in the mountains since Monday night, completely blocking some of the railroad lines. The Denver and Rio Grande, by a tremendous effort, has managed to keep its trains moving over the greater part of the system, but the main line is blocked on Tennessee pass. The Colorado Midland and South Park lines, parts of which have not been opened for several weeks, are now buried under greater drifts than ever before during the winter, and no further effort will be made to open these roads until the storm ceases. The inhabitants of Breckenridge, Kokomo, Dillon and other points in that vicinity, as well as hundreds of miners living in cabins in the surrounding mountains, are in a condition that is rapidly becoming desperate. Stock is already starving in the towns and the food supplies for the people are running very low. It is believed isolated miners have already starved to death.

Yesterday 100 shovelers on the Midland struck for an increase of wages from \$1.75 to \$3 per day. They walked eight miles to Leadville. It took eight hours to make the trip. The Midland company has six engines and a big Jull plow at Bask trying to break the blockade, but the coal supply is limited. It is said that eight engines are "dead" and half buried in the snow between Bask and Ivanhoe, a distance of three miles. Snow is reported to be 10 to 16 feet deep on a level in northwest Colorado. Steamboat Springs is entirely cut off, the stage road being impassible.

STEEL COMBINE

In Process of Incubation—Has a Capital of \$28,000,000.

Pittsburg, Feb. 23.—Representatives of the steel interests held a meeting in this city yesterday for the purpose of forming a trust.

The proposed combination is to embrace 30 mills throughout Pennsylvania, Ohio, West Virginia, Indiana and Kentucky which have an aggregate capacity of between 550,000 and 600,000 tons a year and capitalized at about \$28,000,000. Representatives of all the 30 plants were present at the meeting and a committee was appointed to outline a plan and arrange details for the proposed combine. This committee is composed of J. C. Battelle, Piquette, O.; A. W. Brown, Cambridge, O.; and N. E. Whitaker, Wheeling, W. Va.

Steel Bridge People.

Chicago, Feb. 23.—Organization into a trust of about 90 percent of the iron and steel bridge manufacturers in America was practically completed in Chicago yesterday at an adjourned session of the meeting held in New York a week ago.

KILLED HER HUSBAND

He Was a Wifebeater and She Was an Invalid.

Middleboro, Ky., Feb. 23.—Mattie Wilston killed her husband with a shotgun yesterday in Lee county, Va. Her husband had been in the habit of whipping her and tried it yesterday, when she killed him. Mrs. Wilston is an invalid. She left home when she committed the deed and has not been seen since.

Secretary Alger's Reception.

Detroit, Feb. 23.—The happiest feature of the annual Republican gatherings of yesterday was the reception held in the afternoon at the residence of Secretary Alger. The secretary of war, the secretary of agriculture and the other speakers at the banquet of the Michigan club received in the Alger drawingrooms, assisted by Republicans of local prominence. The function took on the aspect largely of a personal tribute to General Alger by his personal and political friends.

Invitations to Witness a Hanging.

Danville, Ills., Feb. 23.—Invitations have been issued to witness the execution of John Johnson tomorrow afternoon, for the murder of Ballard Johnson. This is the second time Sheriff Sloan has issued invitations for this function. The time was originally set for Dec. 16. An hour before the execution, Lieutenant Governor Northcott granted a reprieve for 10 days, which Governor Tanner afterwards extended until Feb. 24.

Damage to Wheat Small.

Minneapolis, Feb. 23.—The substance of reports to The Northwestern Miller as to the effect of the recent cold upon growing winter wheat show that in Michigan, Ohio, Indiana, Illinois, Kansas and Oklahoma, the damage will be small, the ground having been covered with snow. In northern Texas there was no snow, but it is too early to estimate the damage.

First American Killed in Spanish War.

Clyde, O., Feb. 23.—The remains of George Burton Meeks, the first American killed in the Spanish-American war, arrived here yesterday, having been brought from the national cemetery at Key West, where they were buried last May. The body was placed in a receiving vault here and will be buried either on Memorial day or May 11, with appropriate ceremonies. Members of the Sixth Ohio acted as pallbearers and an immense throng gathered at the depot to receive the body.

Traveling Men's Annual Meet.

Harrisburg, Pa., Feb. 23.—The annual meeting of the Traveling Men's club was held here yesterday. This organization includes representatives of all the leading manufacturers of farming implements from all parts of the United States and has a membership of nearly 200. Reports were presented by various officers. Philadelphia was chosen as the place of next meeting.

TICKS FROM THE WIRES.

Paris police have seized 10,000 medals bearing the head of the duke of Orleans. The government's receipts of internal revenue for January, 1899, amounted to \$20,812,212.

Senator Jones of Arkansas is confined to his bed in Washington. He is attacked with lung trouble, but not seriously.

The Philipinos have a leader in Aguinaldo that is placing them in a bad light before the world. His orders to them prove his unfitness for leadership.

The Indianapolis university has done well in electing Dr. Buris A. Jenkins president. He is an able man and one that will advance the interests of the university.

The populist leaders of Indiana met at Indianapolis yesterday and found out that there are two very determined and arbitrary factions of the party in the state. The "middle-of-the-roads" are determined to have their way or not play at all.

It is to the credit of most of the county official in Indiana that they have not become lobbyists during the session of the legislature for measures proposed by the people. It would be to the credit of still more of them if they had contributed to no fund to defeat those measures so strongly, objected to by the bridge men and township and county supply fakers.

Three Moves Next Week.

Swope & Davis will move their merchant tailoring stock to their new place of business the middle of next week. John A. Ross will then move his shoe store to the room vacated by them, which room he purchased a few months ago. The room Ross vacates will be occupied by Geo. Riehm, the tailor.

Time Expires Tomorrow.

Tomorrow at noon the time will expire for those competing for prizes offered by the local weather observer to file their answers. Several answers are now on file, but it is not too late for others to come in. Those on file may not be correct, and they may be. Their envelopes will not be opened until all are in. How many more answers shall we have before tomorrow noon?

Thimble Club.

Yesterday afternoon The Marquette Thimble Club was royally entertained by Mrs. J. G. Laupus at her home on Chestnut street. All had an enjoyable afternoon. The members had their pictures taken in a group during the afternoon.

Legislative Comment.

The general appropriation bill came up in the House today on special order.

Blankenship's bill to require reports from county treasurers every three months passed the House.

Morrison's bill to provide for the weekly payment of wages is recommended for passage by the judicial committee.

Somer's bill to require county commissioners to give a bond of \$5,000 has passed to engrossment.

Robert's bill to provide for the payment of tuition by non-resident students at the state university has passed to engrossment.

The committee on swamp lands and drains decided to kill Senate bill No. 426 and House bills Nos. 387, 282 and 22 and recommend the passage of the bill which provides that the cause of accepting a ditch shall be assessed by the surveyor against the property of the beneficiaries, instead of paying it out of the general fund, as the law now provides.

Made a New Man of Him.
BRYAN, Ohio, Jan. 13, 1897.
Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me.

B. Raney and J. McDonald civil engineer of the B. & O. S. W. came down to the city today with a view to shortening the line of the road between Seymour and North Vernon.

Cumulative Evidence

A proof of merit in any article is the amount of free advertising it receives. The universal success of Pabst Malt Extract, The "Best" Tonic, is largely due to one person's telling another of the benefits derived from its use. It is sold in almost every city and town in the United States. Its purity and efficacy have given it the immense popularity it has attained. It is endorsed by thousands of physicians and patients. It makes strength. It gives vigor and health when every avenue of hope seems to be closed.

When you ask for Pabst Malt Extract, The "Best" Tonic, do not be led into buying something else. Many imitations have recently appeared. Remember that Pabst Malt Extract, The "Best" Tonic, was the only malt preparation declared perfect by the judges at the World's Fair, and alone marked with 100 points of perfection. The way to obtain the greatest amount of benefit for the least amount of money is to have your druggist deliver you a dozen bottles at a time.

THE "GREEN RAY."

To Be Seen Frequently at the Delta of the Nile.

The "green ray," an optical phenomenon which has been made the foundation of a story by Jules Verne, is a flash of greenish light seen as the limb of the sun rises or sets under certain conditions of the atmosphere. The sea horizon is good for observing it, but the effect is occasionally seen in the Alps or other mountains, and, according to Pict Bey in a paper to the Academie des Sciences, Paris, it is often to be observed in Egypt from the point of the delta to Alexandria or Suez, either at rise or set of sun.

The ray is distinctly visible, and always of an emerald green, which is brighter as a rule at sunrise than sunset. At sunset, when the eye can follow the effect better, the ray sometimes appears longer and ultimately takes a blue tinge. This blue ray has also been observed preceding the "green ray" at sunrise, for example, by Mr. William Gaff, near the ruins of Memphis, not far from the stepped pyramid of Sagarah. He even thinks the ancient Egyptians were familiar with it, because in monuments of the fifth dynasty and others the sign of "Kha," representing the rising sun, has the outer streak of a blue color and the two inner streaks are green. Their writings also speak of the greenness of the sun on rising, and they liken it to an emerald.

It is evident from all this that the "green ray" is an objective, not a subjective, phenomenon, and that the horizon of the sea has nothing to do with it. Nevertheless the state of the atmosphere evidently has to do with it, and that of Egypt, ordinarily pure, seems to have much, for the ray is seldom seen elsewhere on land.

HEALTH ORDER NO. 15.

Take Precautions Against the Spread of Small-Pox.

Small-pox is spreading throughout the world to an extent not equaled since 1893. There are hundreds of cases in the surrounding states, the disease now exists in eight counties in Indiana, and there are many centers of infection. There are also, very probably, many concealed and unrecognized cases. No county can reasonably expect to remain free from this loathsome disease as vaccination, our only sure protection, has been sadly neglected for a decade or more. The State Board therefore recommends vaccination and revaccination. Health officers shall publish this recommendation to the people and add their own advice to the same effect. Glycerinated lymph only should be used for vaccinating and the operation done in an aseptic manner. No untoward results will follow if this course is taken.

If small-pox appears, isolation, quarantine and vaccination of the afflicted and the exposed shall immediately follow. Guards shall be employed to maintain quarantine, and outside of cities and incorporated towns, township trustees shall furnish the needed supplies. Domestic quarantine should not be depended upon in cities and towns.

By order of the State Board of Health.
DR. H. J. JAMESON, Pres.
DR. J. N. HURTY, Secy

Indianapolis, Feb'y 16, 1899.

I hereby recommend the strict observance of the foregoing and solicit the co-operation of the several local Health Boards and physicians of this county. It is hereby made the duty of the several township trustees to furnish proper vaccinating material.

THE LIBRARY BENEFIT.

A Remarkably Successful Presentation of the "Charity Ball."

For five successive years on the 22nd of February the Seymour Dramatic Company has given a play for the benefit of the public library. Each play given has been marked by success and from the funds derived from them more than six hundred volumes have been added to the library. From the first the people have taken a commendable interest in these benefits and have given loyal support to those in immediate charge.

The presentation of the "Charity Ball" last night was in every way a success. The play was well chosen and the parts were properly assigned. Every player did well, exceedingly well. There was nothing for unfavorable criticism from first to last. The costumes were fine, probably the finest in many respects ever seen in Seymour. The stage decorations presented a beautiful and striking appearance. In fact nothing was neglected and every member of the cast is deserving of special commendation. The large audience, which completely filled the opera house, was delighted with every feature of the performance.

Dr. G. G. Graessle as John Van Buren, the rector of St. Mildred's, played his part exceedingly well and richly merited the generous applause from the audience.

W. L. Johnson, who has each year contributed so much time and energy to the success of these performances, played well the part of Dick Van Buren, a Wall street speculator, proving himself to be equal to one of the most difficult parts of the play.

J. T. Arbuckle, as Judge Peter Guiney Knox, handled his part very well indeed, and brought forth much laughter from the audience.

W. G. Geile, as Franklin Cruger, the king of Wall street, and as Mr. Betts, the organist at St. Mildred's played both parts in a manner highly complimentary to himself. He was one of the strong characters of the play.

H. K. Hamilton, as the partner of Dick Van Buren and a speculator in stocks, proved himself a good player.

S. V. Jackson, who is always popular with a Seymour audience, played the part of an ambitious young man, Alex Robinson, who wanted to be known on the "Change" as "Alexander the Great." He acquitted himself quite creditably.

I. G. Saltmarsh acted well the part of the confidential clerk of Van Buren & Creighton. Much credit is also due him for the immense amount of work he has done the past month in looking after business relative to the performance.

Master Walter Horst acted well the part of a hungry street urchin.

Miss Edna Seanon did exceptionally well in the character of Anna Cruger, a wealthy New York girl. She had the sympathy of the audience from the start and was liberally applauded.

Miss Margaret Phelan, as Phyllis Lee also carried her part well and is deserving of the many compliments bestowed upon her.

Miss Myrtle Baker, who is no stranger to the Seymour people and always does her part well, kept up her excellent reputation last night in the character of Beas Van Buren.

Mrs. Clyde Roach, in the prominent character of Mrs. Chamille DePeyster, pleased the audience every time she appeared. She played her part perfectly and was very well received, indeed.

San Francisco Schools of Cookery

Miss Kate E. Whitaker, Supt. of Cookery in the Public Schools, writes as follows: "As I find Cleveland's baking powder to be pure and eminently successful in its results, I use it exclusively in all my classes."

Cleveland's Baking Powder

fectly and was very well received, indeed.

Mrs. Laura Horst, as Mrs. Van Buren, mother of John and Dick, deserves special mention for her splendid performance of the difficult part assigned.

Miss Blanche Baker took the part of maid at the Rectory and carried her part quite creditably.

Prof. H. C. Montgomery though not one of the players, had charge of the rehearsals all the time and rendered most valuable service. No one probably had given so much time and thought to the presentation of the "Charity Ball" as he, and certainly no one has been more interested in its success. He takes great pride in the growth of the public library and the means used to that end. To him, and to every one who has been identified with this laudable enterprise the community is indebted. More is due them than the mere formal thanks of the public. We are fortunate to have such enterprising people in Seymour as those who give to us each year these excellent entertainments.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

CORTLAND.

Aunt Susan Robertson is thought to be mending slowly.

Our church was dedicated Sunday free of debt and now we have a neat house of worship. Last Sunday was the first time in a number of years that the members of the church were all out and we hope they will not experience a relapse now that they have made the start again.

There will be Sunday school Sunday at the usual hour. Let all take interest; don't depend on the preacher to do it all.

There was quite a number of what ought to have been respectable boys came over Sunday from Seymour and got a square meal, something they had not been used to, so it made them yell and howl like hyenas. We hope their mothers will look after them when they go to such a place again.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man, I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at W. P. Peter's drug store.

BUSINESS NOTES.

J. H. Young, of Indianapolis, who has been in the city on business went last night to Greensburg.

J. L. Gardner and daughter and daughter Miss Eva Gardner came up today from Clark county on business.

Frank Nierman, Fred Duvy and wives, of Brown County came to the city today to purchase goods and transact other business.

Vincent L. Beem, of Medora, drove up to the city yesterday on business and to visit his daughter, Mrs. Robert Robert W. Ewin.

Give the Children a Drink.

Called Grain O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/2 as much as coffee. 15 and 25c.

Drunk, Grain O.

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain O, the new food drink. 15 and 25c.

A Common Danger.

If you ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

MARRIED.

Does Coffee Agree With You.

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful beverage for old and young, 15c and 25c.

For La Grippe.

Thomas Whitfield & Co., 240 Washington, corner Jackson st., one of Chicago's oldest and most prominent druggists, recommend Chamberlain's Cough Remedy for la grippe, as it not only gives a prompt and complete relief, but also counteracts any tendency to la grippe to result in pneumonia. For sale by C. W. Milhous.

Advertised Letters.

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous.

How to Find Out

Fill a bottle or common glass with your water and let it stand twenty four hours: a sediment or settlement indicates an unhealthy condition of the kidneys; if it is stains your linen it is evidence of kidney trouble; too frequently desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do

There comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfils every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and sealding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized.

It stands the highest for its wonderful cure of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty cents and one dollar sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the SEYMOUR REPUBLICAN.

SENATE AND HOUSE

Bill For Weekly Payment of Employees Passes Both Houses.

ELECTRIC RAILWAY BILL

Measure to Prevent County Commissioners From Granting Franchises Over Public Highways Killed—Eichhorn's Antilynching Bill Passed to Second Reading Without Amendment.

Indianapolis, Feb. 23.—The senate yesterday killed the bill to prohibit boards of county commissioners from granting franchises to electric railways over public highways. The only arguments advanced for the passage of the bill were that it would scare horses and mar the beauty of the highways of the state. Had the bill passed it would have meant the abandonment of plans for building electric railways through the country and suburbs in all parts of the state.

The Mexican Veterans' association appeared before both branches in the afternoon and gave short Washington day celebrations.

The senate bills to prevent the pollution of streams and to establish a state laboratory of hygiene were killed in house committees.

Both branches passed under suspension of the rules the bill providing for the weekly payment of wages to all except railroad employees.

The senate passed the following bills: Allowing the treasurers of cities of less than 35,000 in population to collect a 6 per cent fee on delinquent taxes in addition to their salaries; fixing the salaries of county commissioners of each county in the state; making county assessors eligible for re-election.

Glossbrenner's bill for the protection of the American flag and providing a penalty for defacing the flag or using it in advertising matters which would tend to dishonor it was so amended in the house as to exclude political parties from stamping anything on the flag.

A motion was made to strike the enacting clause out of the bill by Mr. Root for the encouraging of forestry, but the attempt failed. The bill provides that where a man will set aside land for the cultivation and maintenance of a permanent forest, that land shall be taxed but \$1 an acre.

The bill to prohibit judges and members of the legislature from accepting railroad passes was so amended in the house as to include all city, county and state officers.

A long wrangle in the senate followed the committee report favoring the bills to provide nonpartisan police and fire departments for the city of West Wayne. The bills were sent to engrossment.

The antilynching bill by Mr. Eichhorn passed second reading in the house without amendment or opposition. It provides that when a mob attacks a jail to lynch a prisoner the sheriff shall have the power to call out the nearest company of militia and must hold the jail against the mob until they arrive.

NERVOUS STRAIN

Causes F. M. Nolting to Become a Maniac—Confined in Jail.

Columbus, Ind., Feb. 23.—A few days ago F. M. Nolting swallowed his false teeth, and narrowly escaped death from suffocation before they were extracted, and who was thought to be lying at the point of death because of his extraordinary experience. The unfortunate man has become violently insane. So completely is his reason dethroned that it was necessary to remove him yesterday to the county jail, so that he might be more effectually restrained. Physicians attribute his present condition to the mental strain he underwent while his teeth were still lodged in his throat.

HIGH COURT

Of Independent Order of Forester in Session at Anderson.

Anderson, Ind., Feb. 23.—The high court of the Independent Order of Foresters convened here today for a two days' session. About 100 delegates are in attendance, besides a number of honorary members of the high court and Foresters generally. Supreme Secretary McGilivray of Toronto is also here. This evening Mayor Dunlap will deliver a welcoming address. The visitors are being entertained by the local members of the fraternity.

PLACED ON TRIAL

Ex-County Commissioner Charged With Bribery and Malfeasance.

Warsaw, Ind., Feb. 23.—Aaron Miller, ex-county commissioner, has been placed on trial in the circuit court of this county, for alleged bribery and malfeasance in office. The testimony so far presented indicates that he paid excessive prices for merchandise, but it is not shown that the accused profited thereby.

Pensions Granted.

Washington, Feb. 23.—Pensions have been granted to Indians as follows: Original—James R. Roberts, Hartford City, \$8; William H. Switzer, Covington, \$8; Sylvanus Moor, Rockville, \$6. Original Widows, Etc.—(Special February 8) Mary J. James, South Bend, \$8; Lucetta J. Mowhinney, Westport, \$12; Nancy J. Powell, Steele, \$8; Cynthia Byroad, Lebanon, \$12; Maria Wynna, Woodburn, \$8; Evaline Walker, Greenwood, \$12; (supplemental) Nancy A. Updegraph, West Newton, \$8.

Frozen to a Depth of Forty Inches.

Auburn, Ind., Feb. 23.—In digging a grave in the cemetery here, the sexton discovered that the ground was frozen to the depth of 40 inches.
